Last Updated Saturday, 22 May 2010

The Squatters Handbook (ISBN 0 - 9507769 – 6-3) has been published by the Advisory Service for Squatters in London since 1976.

It is now in its thirteenth edition and provides 83 pages of detailed legal and practical information about squatting, homelessness and Travellers in England and Wales. Be aware that the law is different in Scotland and Northern Ireland and that the info in the handbook won't apply there.

We put out the 13th edition of the handbook in July, 2009. Boxes and boxes of them are currently cluttering our office. Please help us get rid of them! More content, same price, even a shiny new cover.

It costs only £1.50, or £2 with postage.

If you're in London, come into the office to pick them up. Otherwise, write, phone, or email for your copy. Send us your name and address along with a cheque for £2 written out to ASS, or four 50p stamps, or a postal order(although they're a bit of a rip off) and we'll get one in the post straight away. We don't take credit cards. If you urgently need one, call or email us with your details and we'll send one out along with an invoice. If you live outside of the UK, you can order them from AK press. Contact us for bulk rates if you need a load of them. If you're completely skint, come by or get in touch anyway - you can work off the cost of one washing our coffee encrusted mugs or something ;)
